About BEG

BEG places permanent hires in 23-35 days at roughly 50% less than contingency, with an 86% fill rate and a 45-day replacement guarantee. We are a milestone-based placement service, not a staffing agency.

1. Interview scorecard

Score every candidate against the same criteria so the decision is about fit, not gut feel. Rate each on a 1 to 5 scale.

Criterion	Weight	Score (1-5)	Notes
Core skill / domain depth	High		
Relevant experience	High		
Problem solving	Medium		
Communication	Medium		
Culture / team fit	Medium		
Motivation for the move	High		

2. Job description template

- Title: the exact title a candidate would search for, no internal jargon.
- Hook: two sentences on why this role matters and why now.
- What you will do: 4 to 6 outcomes, not a list of tasks.
- Must-haves: keep to 4 to 6. Long requirement lists deter strong candidates.
- Nice-to-haves: clearly separated from must-haves.
- Compensation: a range. Postings with pay attract more qualified applicants.
- How to apply: one clear step.

3. Offer checklist

- Confirm comp, start date, and any contingencies before you verbal.
- Make the verbal offer by phone, same day as the decision.
- Send the written offer within 24 hours. Speed signals seriousness.
- Set an offer expiry (3 to 5 business days) to keep momentum.
- Stay in contact through the resignation and notice period.
- Line up onboarding before day one.

4. The 30-60-90 onboarding plan

Phase	Focus	Goal
First 30 days	Learn and connect	Understand the role, tools, and team. Quick early win.
Days 31-60	Contribute	Own a project end to end. Build working relationships.
Days 61-90	Drive	Operate independently and improve a process or metric.
